

Student Order Form/Purchase Agreement

In order to be eligible for student discounts on Autodesk and Discreet® software, you must fill in the required information below and present the form to your Autodesk Education Reseller:

Section 1: Qualifications

I certify that I am a degree-seeking student or a faculty member (as checked below) at the institution stated, and that I am purchasing the Autodesk/Discreet Software for my own personal use for education purposes only and not for commercial or institutional use.

Degree-seeking student: I am a registered student who can confirm current enrollment in three (3) credit hours in a degree-granting program or who can confirm current enrollment in a nine (9) month certificate-granting program.

Faculty (full-time or part-time): I am currently employed for a state accredited education institution.

K-12 Student: I am a registered K-12 student who can confirm current enrollment.

Section 2: The Software License Agreement

I agree that if I open the sealed software media pack, I will be bound by the terms and conditions of the Software License Agreement included online or in the product box. In particular, I understand that I cannot sell, transfer, modify, or copy the Autodesk/Discreet Software. I agree that the software license I have purchased is for education use only. Commercial use of this product will immediately terminate my right to use the software.

Though functionally identical to software used by professionals, the educational version of Autodesk/Discreet software may contain the following features that differentiate it from the commercial version: education-specific hardware or software lock, on-screen and printing features that identify the software as an "educational version," and a limited term license.

Section 3: Upgrades and Education to Commercial Transfers

Upgrade and Education to Commercial transfer product eligibility and pricing information is available through an Autodesk Education Reseller at www.autodesk.com/reseller. AutoCAD LT and 120-day licenses are not upgradable. Education to Commercial transfers apply to select two-year term licenses and select Discreet products only.

Section 5: Technical Support

Technical support is not available directly from Autodesk or Discreet. Basic installation support for Autodesk/Discreet products is available from the reseller who sold you the product. Additional online support resources are available at www.autodesk.com/support.

Section 6: Parental Consent (to be signed by the parent or legal guardian—for K-12 students only)

By opening the sealed software media pack, my dependent agrees to be bound by the terms and conditions of the Software License Agreement. In particular, I understand that under this Education Software License, my dependent may not sell, transfer, modify, or copy the Autodesk/Discreet Software. My dependent has purchased this software for education use only. Commercial use of this Autodesk/Discreet Software license will immediately terminate my dependent's right to use the software.

I have read and agree to the terms above.
